

**FOR IMMEDIATE RELEASE**  
Thursday, October 20, 2022

**CONTACT:** Rae Anne Bradley  
**OFFICE:** 423-510-1164

**ROADWAY ACTIVITY REPORT – REGION 2**  
**(Parts of East and Middle Tennessee)**  
October 20 – 26, 2022

**DISTRICT 27**

**CLAY COUNTY SR-52 miscellaneous safety improvements from near Meadow Lane to Hummingbird Lane (LM 14 to LM 15) and from Hill Top Road to Harve Knight Road (LM 0.7 to LM 3.1):** Contractor will be on site performing various operations. During this time, the contractor will utilize lane closures and flaggers intermittently to control the flow of traffic through the work zone. Motorists are encouraged to use caution and be prepared to stop as they approach.

[Superior Traffic Control, LLC/Inc./Neal/CNW280]

**CUMBERLAND COUNTY SR-1 (US-70) resurfacing from LM 13 (west of SR-24) to LM 16.3 (east of Village Way) including SR-24 east of Obed Street:** The contractor has begun resurfacing on SR-1 (US-70) from LM 13.0 (west of SR-24) to LM 16.3 (east of Village Way) including SR-24 (east of Obed Street). Paving operations will begin around 9 AM daily, temperature depending. Traffic will be reduced to one lane for the duration of this work. There will be construction signs and flagging operations directing traffic through the work zone. Drivers should anticipate delays through the project limits during this time and consider an alternate route, if possible.

[Rogers Group, Inc./Strong/CNW201]

**CUMBERLAND COUNTY SR-28 (US-127) bridge construction and paving from north of I-40 (LM 17.8) to near Potato Farm Road (LM 22.7):** The contractor continues grading activities. Temporary lane closures and/or periodic traffic stoppages will be necessary for construction activities. Utility relocations are in progress. Flagging will be necessary to perform utility crossings throughout the project. Motorists should use caution while traveling through the work zone and be aware of reduced speed zones.

[Jones Bros. Contractors, LLC/Strong/CNV009]

**CUMBERLAND COUNTY SR-28 (US-127) grading, drainage, signals and paving from SR-68 to south of the bridge over Byrd's Creek (LM 9.7 to LM 10.6):** Construction has begun on SR-28 with the installation of construction signs and environmental measures. Clearing and grading activities are in progress along SR-28. The contractor has closed the right lane of SR-28 (US-127) Southbound from LM 10.6 to LM 10.2 for work along the shoulder and slope.

[Cleary Construction, Inc./Strong/CNW231]

**CUMBERLAND COUNTY SR-28 (US-127) resurfacing from SR-392 (LM 12.2) to LM 11.5:** The contractor has begun

resurfacing along SR-28 (US-127). Resurfacing activities will be ongoing. When workers are present, traffic may be shifted or flagged around the work zone. Motorists should use caution when traveling through the work zone.  
[Rogers Group, Inc./Strong/CNW201]

**CUMBERLAND COUNTY SR-28 (US-127S) repair of the bridges over the Little Obed River (LM 16):** The left lane on SR-28 (US-127S) has been closed in both directions. Construction crews will be performing bridge deck replacement activities on and under the bridges. Construction vehicles will be entering and exiting the work zone frequently. Motorists should use caution while driving through the work zone. **RESTRICTIONS: SR-28 (US-127S) LM 16.0 northbound horizontal clearance of 15 feet. SR-28 (US-127) LM 16.0 south bound horizontal clearance of 15 feet.**

[Whaley Construction, LLC/Strong/CNW237]

**CUMBERLAND COUNTY SR-298 (GENESIS RD.) Utility Work northbound from LM 2.44 to LM 9.2:** Shoulder and single lane closures from Crabtree Road to Wild Azalea Trail. Motorists should reduce speed and be prepared to stop. Trucks, signage, cones, and flaggers will be present, 10/06/22 through 10/30/22 from 9 am – 2 pm. [2021-876]

**CUMBERLAND COUNTY SR-462 from SR-28 (US-127N / LM 3.1) to SR-298 (Genesis Road / LM 4.6) in Crossville:** Construction activities are in progress. Activities will require temporary lane closures and/or traffic stoppages on Interstate Drive (SR-462) and Genesis Road (SR-298), as well as short term closures of City streets. The right lane of southbound Genesis Road is closed from Interstate Drive to north of Woodlawn Road.

[Rogers Group, Inc./Strong/CNV010]

**CUMBERLAND AND FENTRESS COUNTY SR-28 (US-127) widening from near N. Lowe Rd (LM 29.2) to north of SR-62 (LM 1.9):** The contractor will be continuing work along the new alignment of SR 28. In addition, the contractor will be performing utility work adjacent to the existing alignment of SR 28. Motorists are encouraged to use caution and watch for construction equipment and personnel adjacent to the roadway.

[Jones Bros. Contractors, LLC/Neal/CNV300]

**DEKALB COUNTY SR-26 (US-70) grading, drainage, and construction of retaining walls and paving from near SR-53 (LM 2) to near SR-96 (LM 6.1):** The contractor continues grading activities throughout the project. Temporary lane closures and/or periodic traffic stoppages will be necessary for construction activities. Motorists should use caution while traveling through the work zone and be aware of construction personnel.

[Twin K Construction/Moore/CNV012]

**DEKALB AND WARREN COUNTY SR-56 construction of bridges and paving from south of Warren-Dekalb County line (LM 24.5) to East Bryant St. (LM 2.9):** The contractor will continue grade work and paving operations on the new roadway alignment. Milling and paving operations will be on-going in Smithville City Limits over next few weeks. Motorists should expect delays and use caution through the area. The contractor is utilizing flagging operations throughout the project in multiple areas for grading operations. Motorists should use caution at the intersection of SR-56 and SR-288, SR-56 and Farrell Road, and SR-56 and Williams Road as these are all newer traffic patterns utilizing new alignment of SR-56. There is multiple traffic shifts in place throughout the project to allow the contractor to complete work of the new alignment of SR-56. The speed limit has been reduced to 45 mph in the construction zone. Motorists should expect delays, watch for flaggers, and use caution when traveling through the work zone.

[Jones Bros. Contractors, LLC/Harris/CNT011]

**FENTRESS COUNTY SR-154 repair of bridge over SR-28 (US-127 / LM 2.2):** Bridge repair work has been completed. The signals have been removed and the road will only be closed by flagging operations intermittently for cleanup

activities and punch list items. Motorists are encouraged to use caution and be prepared to stop as they approach.  
[Twin K Construction/Neal/CNW014]

**FENTRESS COUNTY SR-85 resurfacing from west of Old Grimsley Rd to SR-28 (US-127) and on SR-28 (US-127) from Little Rd to north of Lacy Rd:** Contractor will be on site performing resurfacing operations. During this time, the contractor will utilize lane closures and flaggers to control the flow of traffic through the work zone. Motorists are encouraged to use caution and be prepared to stop as they approach.

[Rogers Group, Inc./Neal/CNW182]

**FENTRESS AND PICKETT COUNTY SR-325 resurfacing from west of Willard Hill Dr in Pickett County to SR-28 (US-127) in Fentress County, SR-295 in Pickett County from SR-111 to SR-28 (US-127):** Contractor will be on site intermittently to complete work items incidental to the resurfacing work. Lanes will be closed intermittently utilizing flaggers to control the flow of traffic through the work zone.

[Asphalt Paving Systems, Inc./Neal/CNW056]

**JACKSON COUNTY SR-85 (YORK HWY.) Utility Work both directions from LM 16.61 to LM 18.21:** Mobile lane closures along SR-85 between Charlie Hix Lane and Cowan Norton Lane. Motorists should use caution and be aware of personnel and equipment when traveling through the work zone. Signage, cones, and flaggers will be present, 10/06/22 through 10/30/22 from 9 AM and 3 PM. [2022-625]

**OVERTON COUNTY SR-293 repair of bridge over Branch (LM3.7):** Contractor will be on site continuing bridge repair operations. During this time, the contractor will detour traffic around the work zone utilizing detour shown on plans. Motorists are encouraged to use caution follow detour signage.

[Southern Constructors, Inc./Neal/CNW218]

**OVERTON COUNTY SR-85 (HILHAM HWY.) Utility Work both directions from LM 4.52 to LM 3.2:** Mobile lane closures along SR-85 between Old Standing Stone Road and Jerry Bilbrey Lane. Motorists should use caution and be aware of personnel and equipment when traveling through the work zone. Signage, cones, and flaggers will be present, 02/17/22 through 10/30/22 from 9 AM and 2 PM. [2021-457]

**OVERTON AND PICKETT COUNTY SR-52 resurfacing from near Dogwalk Rd (LM18.3) in Overton County to the Fentress County line (LM 2.3) in Pickett County:** Contractor will be on site intermittently to complete work items incidental to the resurfacing work. Lanes will be closed intermittently utilizing flaggers to control the flow of traffic through the work zone.

[Rogers Group, Inc./Neal/CNW186]

**OVERTON AND PUTNAM COUNTY SR-164 resurfacing from west of Hassler Road (LM 3.2) to west of Roger Norrod Lane (LM 8.7) and on SR-24 (US-70) from near I-40 (LM 37) to the Cumberland County line (LM 40.3):**

The contractor has completed milling and paving operations along SR 24 and SR 164. The contractor is currently working on pavement markings throughout the project. Temporary lane closures and/or periodic traffic stoppages will be necessary for this work. Motorists are encouraged to use caution and be prepared to stop.

[Rogers Group, Inc./Moore/CNW215]

**PUTNAM COUNTY SR-135 (BURGESS FALLS RD.) Utility Work both directions from LM 3.25 to LM 5.57:** Shoulder and single lane closures from Cane Creek Road to the intersection of Cookeville Boatdock Road and Burgess Falls Road. Motorists should reduce speed and be prepared to stop. Trucks, signage, cones, and flaggers will be present, 02/17/22 through 10/30/22 from 9 am – 2 pm. [2021-771]

**PUTNAM COUNTY SR-136 construction from north of the SR-111 interchange to south of the I-40**

**interchange:** The contractor continues grading activities throughout the project. Temporary lane closures and/or periodic traffic stoppages will be necessary for construction activities including installation of barrier rail. Utility relocations are in progress. Motorists are encouraged to use caution while traveling through the work zone and be aware of construction personnel.

[Rogers Group, Inc./Moore/CNV284]

**PUTNAM COUNTY SR-164 (S. Chestnut St) at LM 0.3 and SR-84 (S. Holly St) at LM 9.7 railroad crossing**

**improvements:** The contractor has completed all paving operations. Contractor will be on site intermittently to complete remaining items of work. Temporary lane closures may be used to control traffic through the work zone. Motorists are encouraged to use caution through the work zone and watch for equipment and personnel adjacent to the roadway.

[Stansell Electric Company, Inc./Neal/CNV072]

**PUTNAM COUNTY SR-24 (US-70N) construction at the intersection of SR-56 (LM 11.6) in Baxter:** The contractor has completed signal installation at SR 56 and SR 24 and all lanes of traffic remain open. The contractor will be on site intermittently to perform punch list work. Motorists are advised to use caution approaching the work zone and should be prepared to stop.

[Rogers Group, Inc./Neal/CNV098]

**WHITE COUNTY SR-1 (US-70) resurfacing from near Country Club Road (LM 13.1) to near Corolla Road (LM 16.2) and on SR-111 (US-70S) from the end of the underpass bridge (LM 7) to Fred Hill Road (LM 7.3):**

The contractor will be milling/resurfacing throughout the project. Temporary lane closures and/or periodic traffic stoppages will be necessary for construction activities. Motorists are encouraged to use caution while traveling through the work zone and be aware of construction personnel on the roadway.

[Rogers Group, Inc./Moore/CNW233]

**DISTRICT 28**

**CANNON COUNTY SR-1 (US-70S) from east of SR-145 (LM 6.1) to east of Cummings Hollow Road (LM 9.6):** The contractor may be utilizing daily lane closures and flaggers to complete work through the project. Motorists should use caution, expect delays, and watch for flaggers in the work zone.

[Tinsley Asphalt, LLC /Harris/CNW165]

**CANNON COUNTY SR-53 resurfacing from north of Oak Ridge Drive (LM 9.0) to south of Holly Lane (LM 12.0):**

The contractor may be utilizing daily lane closures and flaggers to complete work through the project. Motorists should use caution and watch for flaggers in the work zone.

[Tinsley Asphalt, LLC /Harris/CNW166]

**CANNON AND WARREN COUNTY SR-1 (US-70S) bridge repair and paving from east of Lincoln Lane (LM 11) in Cannon County to Robinson Road (LM 9.4) in Warren County:**

The contractor will be utilizing lane closures and flaggers daily to complete resurfacing work. Motorists should use caution through the area and watch for flaggers.

[American Pavements, Inc./Harris/CNV075]

**COFFEE COUNTY SR-127 bridge construction over Bradley Creek (LM 4.7):** Construction work on this project continues this week. SR-127 at MM 4.66 will be closed until 10/21/2022 to support bridge construction work over Bradley Creek. A detour route will be provided via Prairie Plains Road and Miller Crossroads Road during construction work, signs and message boards are in place to show the detour route. Motorists should be alert to the new traffic pattern and encouraged to use caution and be alert to construction personnel and equipment

[Dement Construction Company, LLC/Hussein/CNV303]

**COFFEE COUNTY SR-2 (US-41) repair of bridge over Blue Spring Creek (LM 21.0):** Construction work on this project continues. The roadway will be reduced to one lane controlled by a temporary traffic signal. One lane will be open to traffic with the restriction of all wide loads, the maximum lane width is 12'. Motorists should be alert to a new traffic pattern and encouraged to use caution and be alert to construction personnel and equipment.  
[Mid-State Construction Company, Inc./Hussein/CNV145]

**FRANKLIN COUNTY SR-15 (US-41A) resurfacing from west of Sherwood Road (LM 27.2) to the Marion County line (LM 31):** Construction work on this project continues. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.  
[Tinsley Asphalt, LLC /Hussein/CNW086]

**FRANKLIN COUNTY SR-279 resurfacing from SR-16 (US-41A) (LM0.0) to near SR-127 (LM 5.3):** Construction work on this project continues, the contractor will perform road repair work. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.  
[Tinsley Asphalt, LLC /Hussein/CNW125]

**FRANKLIN COUNTY SR-433 (US-64) resurfacing from near SR-15 (US-64) to SR-50 (US-64) and on SR-50 (US-64) from SR-433 (US-64) to west of Rutledge Ford Rd:** Construction work on this project continues, the contractor will have lane closures on US64 to perform roadway repair work, the road will be reduced from 4 lanes (2 lanes in each direction) to 2 lanes (one lane in each direction). Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.  
[Asphalt Paving Systems, Inc./Hussein/CNW123]

**MARION COUNTY I-24 (US-64) rockfall mitigation westbound between MM 136.2 and MM 140.3:** The contractor will be working on I-24 WB at MM 141 – 140, MM 139.0 – 137.0, and MM 136.0 – 135.0 to perform rockfall mitigation activities. Travel lanes at all sites have been shifted and are open to traffic. Please use caution when traveling through the work zones.  
[Wright Brothers Construction Company, Inc./Voiles/CNV912]

**MARION COUNTY I-24 resurfacing from west of Martin Springs Road Exit (MM 141) to east of Big Fiery Gizzard Creek (MM 146):** The contractor will be performing painting operations on I-24 from MM 140.8 (West of the Martin Springs Rd exit) to MM 146.0 (East of Fiery Gizzard Creek). Work times will be Sunday through Thursday from 6 PM - 6 AM each night. Work will occur in both directions and will use a mobile lane closure or a single lane closure. Tennessee Highway Patrol and a truck mounted attenuator w/ message board will be on site each night.  
[Rogers Group, Inc./Voiles/CNV314]

**MARION COUNTY SR-2 (US-64, U.S 72, US-41) resurfacing from west of Spangler Road (LM 17.4) to east of Marion County Park Road (LM 20.7):** During the day, the contractor will be resurfacing and performing safety improvements on SR-2 in Marion County. The work will begin at LM 17.4 (near Spangler Rd) and go to LM 20.7 (near Marion County Park Rd). Traffic will be reduced to one lane controlled by flaggers. Please use caution when driving through the work zone.  
[Talley Construction Company, Inc./Voiles/CNW222]

**MARION COUNTY SR-2 (US-HWY. 41) TDOT Maintenance both directions from LM 25.7 to LM 26.2:** Traffic is reduced to one lane for slide repairs and re-surfacing. Temporary traffic lights are in place. Please use caution when traveling through this area and look out for heavy equipment.

**MARION COUNTY SR-27 between LM 26.9 and LM 27.9 slide repair and bridge and retaining wall**

**construction:** The contractor will be working on SR-27 (Suck Creek Road) at LM 26.9 and LM 27.9 to construct a new bridge and repair a slide. Both work zones, at LM 26.9 and LM 27.9, have the travel lanes reduced to one lane controlled by temporary traffic lights. Please use caution when traveling through each work zone.

[Dement Construction Company, LLC/Voiles/CNV307]

**MARION COUNTY SR-27 resurfacing from near Ketner Mill Lane (LM 12.5) to near Bailey Lane (LM 16.6):**

During the daytime the contractor will be resurfacing and performing safety improvements on SR-27 in Marion County. The work will begin at LM 12.5 (near Ketner Mill Lane) and go to LM 16.6 (near Bailey Lane). Traffic will be reduced to one lane controlled by flaggers. Please use caution when driving through the work zone.

[Tinsley Asphalt, LLC /Voiles/CNW185]

**MARION COUNTY SR-283 (ALVIN YORK HWY.) Utility Work southbound from LM 6.37 to LM 7.32:**

Mobile lane closures along SR-283 between Pickett Cemetery Road and Panorama Trail. Motorists should reduce speed and be prepared to stop. Trucks, signage, cones, and flaggers will be present, 09/19/22 through 12/31/22 from 8:00 am – 5:00 pm. [2022-395]

**VANBUREN COUNTY The repair of the bridge on Park Road over Fall Creek Falls Dam Overflow:**

The contractor will be repairing the Fall Creek Falls Dam Overflow bridge. The travel lanes have been reduced to one lane controlled by temporary traffic signals. Please use caution when traveling through the work zone.

[Mid-State Construction Company, Inc./Voiles/CNW128]

**WARREN COUNTY SR-1 (US-70S) resurfacing near Robinson Rd (LM 9.3) to SR-55 (LM 10.6) and on SR-287 at-grade railroad crossing (LM 5.2):**

The contractor will be utilizing daily lane closures and flagging operations to complete resurfacing work in the area. Motorists should use caution and expect delays.

[Tinsley Asphalt, LLC /Harris/CNW189]

**WARREN COUNTY SR-8 resurfacing from north of Wildwood Road (LM 4.3) to north of Lawrence Lane (LM 7.7):**

The contractor may be utilizing daily lane closures and flaggers to complete work through the project. Motorists should use caution, expect delays, and watch for flaggers in the work zone.

[Rogers Group, Inc./Harris/CNW214]

**WARREN AND VAN BUREN COUNTY SR-30 resurfacing from SR-1 (US-70S / LM0.0) in Warren County to near Laurel Creek Road (LM 4.3) in Van Buren County:**

The contractor will be utilizing daily lane closures and flagging operations through the construction zone to complete resurfacing work. Motorists should use caution and watch for workers and equipment.

[Tinsley Asphalt, LLC /Harris/CNW192]

**DISTRICT 29**

**BRADLEY COUNTY SR-2 (US-11) resurfacing from Old Highway 11(LM 18.2) to near the Hiwassee River (LM 20.9):**

During this reporting period, the contractor will have daily lane closures on SR-2 (US-11) to perform final pavement markings and to work on the punch list. These closures will be in place from 8 AM to 5:30 PM. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.

[Wright Brothers Construction Company, Inc./Wagner/CNW158]

**BRADLEY COUNTY SR-60 widening from the 4-lane north of I-75 (LM 17.2) to SR-306 (LM19.9):**

During this reporting period the contractor will have short term intermittent lane closures throughout the project for utility

relocation and moving equipment as work continues on new roadway alignments and a new bridge over Candies Creek. The speed limit in the work zone has been reduced to 35 mph. Motorists are advised to use caution in the work zone and watch for flaggers assisting with traffic control.

[Summers-Taylor, Inc./Wagner/CNV130]

**HAMILTON COUNTY I-24 interchange improvement at SR-2 (US-11, US-41, US-72, Broad Street) and SR-58**

**(Market Street):** Williams Street is closed to all traffic at the I-24 underpass to support the installation of new storm drainage structures for the new frontage road. Traffic will still be able to access the ramps to I-24 and US-27, but no through traffic will be allowed on Williams Street between West 21st Street and West 25th Street. Traffic will detour around the closure via West 21st Street and Broad Street. Signs will be posted. The contractor will be working on new bridge construction, storm drainage structures, and utility relocation. Chestnut Street is closed at the I-24 underpass and will remain closed until the construction of bridge #2 is complete. Detour routes are posted. The US-27 N on-ramp at Williams St. has been closed and it will be closed until the new alignment for this ramp is completed. There will be marked detour signs to use the Broad St. US-27 on-ramp. The contractor has opened up the new Broad St. Exit off I24 and closed the existing exit to the Broad St off the US27 S exit. Traffic from US27 S that needs to access Broad St. will use the Williams St. exit. There will be detour signs to direct traffic off the Williams St. exit to Broad St. Also, with the new exit there will be a new traffic signal at the intersection of the new exit and Broad St. On Thursday night from 9 PM-6 AM, the contractor will be closing one lane on the US27 S exit to I24 E to work on the overhead signs. On Friday night starting at 9 PM until Saturday morning at 10 AM, the contractor will also close one lane on the US27 S ramp to I24 E so they can pour the overhead footers for the project. On Friday of this reporting period, the contractor will have intermittent lane closures on East 20th Street near Broad St so that they can remove the temporary bike lanes and restripe in this area.

[Wright Brothers Construction Company, Inc./Curtis/CNU011]

**HAMILTON COUNTY I-75 concrete repair from MM 6.6 to MM 12.8:** During this reporting period, the contractor will be having lane closures in both directions on I-75 from 9 PM-6 AM. During these lane closures, the contractor might have to temporary close some of the ramps so that they can work on the ramp.

[Summers-Taylor, Inc./Curtis/CNW046]

**HAMILTON COUNTY SR-153 resurfacing from LM 3.5 to LM 3.7, including bridge expansion joint repair on the railroad overpass bridge (LM 3.6); SR-2 resurfacing on (US-11, US-64) from the NB interstate ramps (LM 20.6) to the Bradley County line (LM 24.4):**

During this reporting period, the contractor will have intermittent lane closures on SR-153, LM 3.6 to perform a resurfacing operation starting on 10/24/2022, between 7 PM and 6 AM. The traveling public is encouraged to be aware of safety personnel and construction vehicles entering and exiting the jobsite.

[Wright Brothers Construction Company, Inc./Osbonlighter/CNW131]

**HAMILTON COUNTY SR-17 resurfacing from the Georgia state line (LM 0) to SR-2 (US-11, US-64, US-72, LM 2.2):**

Starting during this reporting period, the contractor will have intermittent lane closures as they begin on this project.

[Talley Construction Company, Inc./Curtis/CNW213]

**HAMILTON COUNTY SR-2 (CUMMINGS HWY.) TDOT Maintenance both directions from LM 3.3 to LM 5.75:**

During this reporting period, TDOT maintenance crews will have lane closures on Cummings Highway between LM 3.3 and LM 5.75 for vegetation removal. Traffic will be reduced to one lane in each direction during this operation. Motorists are advised to reduce speed in the work zone and watch for trucks entering/leaving the highway.

**HAMILTON COUNTY SR-29 (US-27) slide repair between LM 29 and LM 30:** During this reporting period, TDOT

Maintenance and contract forces will have traffic reduced to one lane in each direction on US-27 (SR-29) to continue work on a new retaining wall and slope stabilization. Motorists are advised to reduce speed in the work zone. [GeoStabilization International, LLC /Maint - Chattanooga/MAINT]

**HAMILTON COUNTY SR-317 (Apison Pike) improvement project from SR-321 (Ooltewah-Ringgold Road) to east of Layton Lane:** Lane closures and flagging operations will be required on SR-317, Apison Pike, for utility work. The flagging operations will be performed on 10/20/22, 10/21/22, 10/24/22, 10/25/22, and 10/26/22 from 7 AM to 1 PM and 3 PM to 7 PM. Closures will last about 2 hours per location. The contractor will have intermittent flagging operations during daytime non-peak hours for utility work, delivery of materials and equipment. Traffic has been shifted onto the new alignment of SR-317 by the existing intersection of Apison Pike and University Drive and by Eastview Terrace. The tie-in of College Drive to SR-317 has been closed and a detour route is in place. [Wright Brothers Construction Company, Inc./Osbonlighter/CNT336]

**HAMILTON COUNTY SR-317 (BONNY OAKS DR.) Utility Work westbound from LM 4.55 to LM 4.54:** Shoulder and single lane closures from Lee Hwy and Silverdale Road. Motorists should reduce speed and be prepared to stop. Trucks, signage, drums, and flaggers will be present, 09/22/22 through 10/26/22 from 9 am – 2 pm. [2022-475]

**HAMILTON COUNTY SR-8 (US-127) construction near Palisades Road (LM 15.2) to near Sunset Drive (LM 15.4):** The contractor has closed the right lane going up the Signal Mountain Road from LM 15 (about 1/2 mile from Palisades Road) to past Sunset Drive. This closure will be in effect for several months during this project. Also, there will be several intermittent lane closures daily on SR8 (Signal Mountain Road) as the contractor works to remove brush on this project for the next couple of weeks. [Wright Brothers Construction Company, Inc./Curtis/CNW001]

**HAMILTON COUNTY SR-8 (US-41, US-76) Bachman Tubes cleaning:** On Thursday night of this reporting period, the contractor will close the tunnels from 8 PM-6 AM to clean it. There will be a signed detour for traffic to follow to get around the closure. [Diamond Specialized, Inc./Curtis/CNW197]

**HAMILTON COUNTY The construction of an S.I.A. to VW:** The contractor will be performing resurfacing operations starting 10/20/2022 throughout the intersection connecting the S.I.A. route, Ferdinand Piech Way, & Volkswagen Dr. The new 4-way signalized intersection will continue to be operational & traffic has been shifted to the new alignment. Traveling public should be cautious of the new traffic pattern and lane shifts in effect including a lowered speed limit. The traveling public should also be alert to the entrance and exit of construction vehicles & staff on and around the jobsite and the connecting roadways. Flaggers may be onsite directing traffic. [Talley Construction Company, Inc./Osbonlighter/CNU221]

**MCMINN COUNTY SR-163 resurfacing from near SR-2 (US-11 / LM 2.5) to west of County Road 750 (LM 8.9):** During this reporting period, the contractor will have daily lane closures from 7 AM to 7 PM to perform roadway striping and guardrail repair. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control. [Wright Brothers Construction Company, Inc./Wagner/CNW112]

**MCMINN COUNTY SR-2 (CONGRESS PKWY.) Utility Work both directions at LM 10.31:** Shoulder and single lane closures from County Road 150 to Woodland Circle. Motorists should reduce speed and be prepared to stop. Trucks, signage, and barrels will be present, 10/18/22 through 10/30/22 from 8 am - 4 pm. [2022-257]

**MCMINN COUNTY SR-2 (CONGRESS PKWY.) Utility Work westbound from LM 12.93 to LM 12.1:** Mobile shoulder

closure along SR-2 between the intersection of Congress Pkwy and Dennis Street and the intersection of Congress Pkwy and Rocky Mount Road. Motorists should reduce speed and be prepared to stop. Trucks, signage, cones, and flaggers will be present, 08/15/22 through 04/12/23 from 7:30 am – 5:00 pm. [2022-019]

**POLK COUNTY SR-33 (US-411) resurfacing from the Georgia state line (LM 0.0) to south of Lowery Road (LM 9.3):** During this reporting period, daily lane closures will be in place from 8 AM to 5:30 PM as the contractor completes resurfacing work and begins work on final pavement markings. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.  
[Talley Construction Company, Inc./Wagner/CNW188]

**RHEA COUNTY SR-30 (STATE HWY. 30) Utility Work both directions from LM 12.62 to LM 16.33:** Mobile shoulder and lane closures on SR-30 as crews transition work zones between New Union Road and SR-302. Motorists should reduce speed and be prepared to stop. Signage and flaggers will be present, 10/06/22 through 12/05/22 from 9 AM - 2:30 PM. [2022-643]

**RHEA COUNTY SR-302 (OLD DIXIE HWY.) Utility Work both directions from LM 0.01 to LM 2.5:** Mobile shoulder and lane closures on SR-302 as crews transition work zones between SR-30 and Taylor Road. Motorists should reduce speed and be prepared to stop. Signage and flaggers will be present, 10/06/22 through 12/05/22 from 9 AM - 2:30 PM. [2022-643]

#### **REGION WIDE**

**REGION 2 preventative and unscheduled maintenance of Chattanooga SmartWay Intelligent Transportation System:** The contractor may have short term shoulder and/or lane closures to perform preventative or unscheduled maintenance to the local SmartWay Intelligent Transportation System. At least one travel lane will always remain open to traffic. Flaggers will assist with traffic control as needed.  
[NABCO Electric Company, Inc./Osbonlighter/CNT354]

**REGION 2 TDOT Maintenance drainage work:** There will be possible short-term lane and shoulder closures at various locations in Region 2 in order to clean rock and debris from ditches on an as-needed basis. One lane will be maintained at all times.  
[TDOT Operations/Maintenance/R2MAINT]

**REGION 2 TDOT Maintenance pothole repair and pavement patching:** There will be possible short-term emergency lane closures at various locations in Region 2 in order to repair potholes and patch pavement on an as-needed basis. Depending on location and severity these repairs may be done during the day or at night. In addition to performing the work, regional Operations crews will also provide traffic control.  
[TDOT Operations/Maintenance/R2MAINT]

**REGION 2 TDOT mowing operations:** There will be possible short-term lane closures at various locations on interstates and state routes in Region 2 in order to perform mowing activities on an as-needed basis. In addition to performing the work, regional Operations crews will also provide traffic control.  
[TDOT/Maintenance/R2MAINT]

**REGION 2 The crack sealing at various locations on various State Routes:** Work on this project will continue. The contractor will have intermittent lane closure to perform crack sealing work at various locations on interstates and state routes in Region 2. Motorists are advised to reduce speed in the work zone and watch for flaggers assisting with traffic control.  
[Scodeller Construction, Inc./Hussein/CNW223]

**REGION 2 The on-call guardrail repair and new guardrail installation on various Interstate and State Routes:**

The contractor may have short term shoulder and/or lane closures in order to perform guardrail repair. These closures will take place on the interstate nightly Sunday through Thursday from 7 PM to 6 AM and daily Monday through Friday on state routes. At least one travel lane will remain open to traffic at all times on the interstate, and flaggers will be present on state routes during any work that is performed.

[Cumberland Guardrail, Inc./Harris/CNW127]

**REGION 2 The random on-call cable barrier repair on various Interstate and State Routes:** The contractor may have short term shoulder closures in order to perform cable rail repair. Both travel lanes will always remain open to traffic on the interstate during any work that is performed.

[LU, Inc./Harris/CNV272]

**REGION 2 The random on-call pavement marking and retracing of pavement markings with spray thermoplastic on various Interstate and State Routes:** Contractor will be performing mobile operations to retrace pavement markings on various state routes in multiple counties. Motorists should expect temporary traffic stoppages and be alert of construction personnel when traveling through the work zone.

[Reynolds Sealing and Striping, Inc./Moore/CNW059]

**REGION 2 The random on-call signing on various Interstate and State Routes:** During the daytime the contractor will be setting up shoulder closures at various locations in Grundy, Franklin, Marion, Hamilton, and Bradley Counties to install new signs. A truck mounted attenuator will be on site during this work.

[Superior Traffic Control, LLC/Inc./Voiles/CNV194]

**REGION 2 The sweeping and drain cleaning on various Interstate and State Routes:** There will be an area wide sweeping operation on selected regional state routes and interstates. This activity will be supported by a mobile lane closure. Hours of activity are Sunday through Thursday night between 8 PM and 6 AM during this reporting period.

[Blevins Enterprises, Inc./Curtis/CNV302]

**RESTRICTIONS**

**CUMBERLAND COUNTY - CNW237:** SR-28 (US-127S) LM 16.0 northbound horizontal clearance of 15 feet. SR-28 (US-127) LM 16.0 south bound horizontal clearance of 15 feet.

**Motorists are encouraged to use caution and obey reduced speed limits in all TDOT work zones, regardless of lane closure activity.**

**Information in this report is provided to the Department of Transportation by the contractors. Most work is weather dependent and subject to change due to inclement weather. All times are local.**

**From your desktop or mobile device, get the latest construction activity and live streaming SmartWay traffic cameras at [www.TNSmartWay.com/Traffic](http://www.TNSmartWay.com/Traffic). Travelers can also dial 511 from any land-line or cellular phone for travel information, or follow us on Twitter at [www.twitter.com/TN511](http://www.twitter.com/TN511) for statewide travel or Chattanooga area alerts [@Chattanooga511](https://twitter.com/Chattanooga511) or any of TDOT's other [Twitter pages](#). As always, drivers are reminded to use all motorist information tools wisely and *Know Before You Go!* by checking travel conditions before leaving for your destination. Drivers should never tweet, text, or talk on a cell phone while behind the wheel.**

In 2016, the Tennessee Department of Transportation lost three workers in the line of duty. All three were struck by passing motorists. Those tragedies bring the total number of TDOT lives lost to 112. We don't want to lose another member of our TDOT family. We're asking you to WORK WITH US. To learn more, go to the website at <https://www.tn.gov/tdot/work-with-us/>.
