Thank you for your commitment! We will send an invoice to you.

The Tennessee Trucking Association has partnered with accredited diesel colleges to provide students in the Diesel Technology fields with a two-part scholarship to assist with their educational expenses. Each recipient will be chosen by the scholarship committee.

Upon selection, for the scholarship, the student will receive a \$1,500 Scholarship to be applied to tuition, fees, and other institutional charges to reduce the student's debt burden while in school. The second part of the scholarship award will consist of \$1,000 payable to the student upon successful completion of one year's full-time employment at a TTA member company.

These funds will be given directly to the student with the intention that they are used to offset the student's debt payments due after graduation. If you are interested in supporting this effort through an annual contribution of \$250 to the TTF Scholarship Fund, please see Ashlee Taylor.
